**My preference for Workshops:**

**Dog related workshops:**

\_\_\_\_\_ Learn massage techniques that benefit your dog. Massage for dogs helps dogs with physical, mental, or emotional stress. It is also a great bonding experience for you and your dog.

\_\_\_\_\_ Emergency First Aid for Pets: learn CPR, treat shock, what you need in a first aid kit etc.

\_\_\_\_\_ Elder Pet: helpful things to know to keep your dog at optimum health in their golden years.

\_\_\_\_\_ Well Pet: preventing common health issues by using nutrition and holistic modalities.

**Workshops for people:**

\_\_\_\_\_ Learn Basic Dowsing and Kiniesology and their applications to daily life. Dowsing isn't just used for locating water. I use it daily for almost everything.

\_\_\_ Reducing Stress with breath work, guided visualizations, and meditation.

\_\_\_ Connecting with, listening to and learning from Nature

\_\_\_ Understanding and Working with Energy and using it to improve your life
